Experienced & Creative Landscape Lighting

Austin Outdoor Lighting Design offers Austin landscape lighting design and installation services. With over 13 years in business, we can extend the aesthetic and feel of your living or work space and maximize your property's square footage. We can focus on your Austin area architecture, landscape, or both to enhance your property by highlighting its best features, creating visual barriers, and making it more secure. We also make homes more festive with our Christmas lights service. If you're looking to enhance your property, maximize the feel of the space or simply make it safer, Austin Outdoor Lighting Design can create [beautiful lighting landscapes](#) for your home or business starting at \$2500. We look forward to working with you!

Austin, TX is known for its beautiful landscapes and outdoor spaces, which are a key part of the city's charm. To truly appreciate the beauty of these spaces, it's important to have proper outdoor lighting design. This is where experienced landscape lighting design and installation services come in, such as Austin Outdoor Lighting Design. Our team of professional [Austin landscape lighting designers](#) understands the importance of lighting design in enhancing the beauty and security of outdoor spaces. They specialize in designing and installing customized outdoor lighting solutions for residential and commercial properties throughout the Austin area.
